## Чому обираємо VINORIT®?

Оздоблення МДФ накладок ізраїльським ПВХ покриттям VINORIT® є найпопулярнішим завдяки високій якості та привабливому зовнішньому вигляду. VINORIT® – зареєстрована торгова марка, яка охороняється законом (Свідоцтво про реєстрацію № 133664). Виробник покриття VINORIT® компанія kibbutz Naogen (Ізраїль) – один зі світових лідерів у розробці та виробництві високоякісних полівінілхлоридних (ПВХ) плівок. Підприємство виготовляє продукцію на найсучаснішому устаткуванні, яке дає змогу виготовляти складні багат шарові ПВХ плівки в широкому асортименті. Продукція пройшла сертифікацію за численними стандартами якості, включаючи ISO 9001 (2000), Din, SKZ та ін.

SPV Company Ltd - ексклюзивний імпортер ПВХ покриття VINORIT®, яке постачається в Україну більше 15 років та пройшло випробування часом. Сьогодні воно добре відоме і характеризується високою якістю, стійкістю до ультрафіолету, перепадам температури, а також агресивних факторів середовища, таких як: морське повітря, солоня вода... Унікальність VINORIT® доведена в порівняльних тестах на відміну від інших так званих «аналогів». Вироби, ламіновані VINORIT®, відрізняються довговічністю, практичністю, вони не потребують спеціального догляду і протягом тривалого часу не втрачають привабливий зовнішній вигляд.

Завдяки унікальній термопластичності, ПВХ плівка VINORIT® легко приймає форму кутів, вигнутих та випуклих поверхонь, точно повторюючи їх контури, на відміну від жорстких одношарових плівок. Важливою відмінністю ПВХ покриття VINORIT® від дешевих копій є його безпека для здоров'я людини, що підтверджено заключенням СЕС №05.03.02-03/1158 від 12.01.12.

VINORIT® - спеціально розроблене для оздоблення вхідних дверей, тому це єдине ПВХ покриття для зовнішнього застосування. Воно поєднує в собі екологічність та естетичність, а високотехнологічна рецептура плівки дає змогу створювати нові ексклюзивні кольори і фактури.

Обираючи VINORIT® - ви обираєте якість та сучасний дизайн.
